expected results and deliverables of the assignment.

2. Introduction

- 2.1 The Borrower has received or has applied for an ODA Loan from JICA in the amount and with the signed date of the Loan Agreement specified in the Data Sheet toward the cost of the Project specified in the Data Sheet. The Borrower intends to apply a portion of the proceeds of the loan to eligible payments under the Contract for which the RFP is issued. Disbursement of an ODA Loan by JICA will be subject, in all respects, to the terms and conditions of the Loan Agreement, including the disbursement procedures and the Applicable Guidelines. No party other than the Borrower shall derive any rights from the Loan Agreement or have any claim to loan proceeds. The above Loan Agreement will cover only a part of the Project cost. As for the remaining portion, the Borrower will take appropriate measures for finance.
- 2.2 The Client named in the Data Sheet will select a consulting firm/organization (the Consultant) from the shortlisted Consultants, in accordance with the QCBS method of selection.
- 2.3 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, for consulting services required for the assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 2.4 The Consultants should familiarize themselves with the local conditions relevant to the Services and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional and is at the Consultants' expense.
- 2.5 The Client will timely provide at no cost to the Consultants the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the Data Sheet.

3. Conflict of Interest

a. Impartiality

- 3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and

acting without any consideration for future work.

b. Conflict of Interest

- 3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract.

Without limitation on the generality of the foregoing, and unless stated otherwise in the Data Sheet, the Consultant shall not be hired under the circumstances set forth below:

Conflicting Activities

- (a) Conflict between consulting activities and procurement of goods or non-consulting services: A Consultant that has been engaged to provide goods or non-consulting services for a project, or any of its affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods or non-consulting services. Conversely, a Consultant hired to provide consulting services for the preparation or implementation of a project, or any of its affiliates, shall be disqualified from subsequently providing goods or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.

Conflicting Assignments

- (b) Conflict among consulting assignments: Neither a Consultant nor any of its affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant.

Conflicting Relationship

- (c) Relationship with Borrower's staff: A Consultant that has a close business relationship with the Borrower's professional personnel who are directly or indirectly involved in any part of: (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of such Contract, shall be disqualified.

One Bid per Bidder

- (d) Based on the "One Bid per Bidder" principle, which is to ensure fair competition, a Consultant, and any affiliate that directly or indirectly controls, is controlled by, or is under common control with that Consultant shall not be allowed to submit more than one proposal, either individually as a Consultant or as a member of a Joint Venture. A Consultant (including its affiliate), if acting in the capacity of a Sub-

consultant in one proposal, may participate in other proposals, only in that capacity.

Others

(e) Any other form of conflict of interest other than (a) through (d) of this ITC 3.2.

4. Corrupt and Fraudulent Practices

4.1 It is JICA's policy to require that the Consultant and the Client, as well as the Borrowers under contracts funded with Japanese ODA Loans and other Japanese ODA, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, JICA;

- (a) will reject the result of evaluation of proposals if it determines that the Consultant evaluated as the highest-ranked has engaged in corrupt or fraudulent practices in competing for the contract in question;
- (b) will recognize a Consultant as ineligible, for a period determined by JICA, to be awarded a contract funded with Japanese ODA Loans if it at any time determines that the Consultant has engaged in corrupt or fraudulent practices in competing for, or in executing, another contract funded with Japanese ODA Loans or other Japanese ODA; and
- (c) will recognize a Consultant as ineligible to be awarded a contract funded with Japanese ODA Loans if the Consultant or Sub-consultant, who has a direct contract with the Consultant, is debarred under the cross debarment decisions by the Multilateral Development Banks. Such period of ineligibility shall not exceed three (3) years from (and including) the date on which the cross debarment is imposed.

“Cross debarment decisions by the Multilateral Development Banks” is a corporate sanction in accordance with the agreement among the African Development Bank Group, Asian Development Bank, European Bank for Reconstruction and Development, Inter-American Development Bank Group and the World Bank Group signed on 9 April, 2010 (as amended from time to time). JICA will recognize the World Bank Group's debarment of which period exceeds one year, imposed after 19 July, 2010, the date on which the World Bank Group started operating cross debarment, as “cross

debarment decisions by the Multilateral Development Banks.” The list of debarred firms and individuals is available at the electronic address specified in the Data Sheet.

JICA will recognize a Consultant as ineligible to be awarded a contract funded with Japanese ODA Loans if the Consultant is debarred by the World Bank Group for the period starting from the date of issuance of this Request for Proposals up to the signing of the contract, unless (i) such debarment period does not exceed one year, or (ii) three (3) years have passed since such debarment decision.

If it is revealed that the Consultant was ineligible to be awarded a contract according to above, JICA will, in principle, impose sanctions against the Consultant.

If it is revealed that the Sub-consultant, who has a direct contract with the Consultant, was debarred by the World Bank Group on the sub-contract date, JICA will in principle require the Borrower to have the Consultant cancel the sub-contract immediately, unless (i) such debarment period does not exceed one year, or (ii) three (3) years have passed since such debarment decision. If the Consultant refuses, JICA will require the Borrower to declare invalidity or cancellation of the contract and demand the refund of the relevant proceeds of the loan or any other remedies on the grounds of contractual violation.

5. Eligibility

- 5.1 A shortlisted Consultant shall be incorporated and registered in any of the eligible source countries indicated in Section 7. In case a shortlisted Consultant is a Joint Venture, each Joint Venture member shall be incorporated and registered in any of the eligible source countries indicated in Section 7. In case a shortlisted Consultant forms a Joint Venture with other firms, each Joint Venture member shall be incorporated and registered in any of the eligible source countries indicated in Section 7.
- 5.2 A Consultant that has been determined to be ineligible by JICA in accordance with ITC 3.2 and ITC 4.1 above, shall not be eligible to be awarded a contract.
- 5.3 The Services that may be provided under the Contract and financed by JICA, shall have as their country of origin

any of the eligible source countries indicated in Section 7.

- 5.4 Consultants shall provide such evidence of their continued eligibility satisfactory to the Employer, as the Employer shall reasonably request.

B. Preparation of Proposals

6. Preparation of Proposals

- 6.1 In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
- 6.2 The Consultant shall bear all costs associated with the preparation and submission of its Proposal and contract negotiation. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
- 6.3 The Proposal, as well as all related correspondence exchanged by the Consultant and the Client, shall be written in the language specified in the Data Sheet.

7. Proposal Validity

- 7.1 The Data Sheet indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline.
- 7.2 During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.

a. Extension of Validity Period

- 7.3 The Client will make its best effort to complete negotiations within this period. However, should the need arise, the Client may request, in writing, all Consultants to extend the validity period of their Proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Key Experts named in the Proposal.

- 7.4 Consultants who do not agree have the right to refuse to extend the validity of their proposals in which case their Proposals will not be further evaluated.

b. Substitution of Key Experts at Validity Extension

- 7.5 If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to

the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert.

7.6 If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with JICA's prior consultation.

c. Sub-Contracting 7.7 The Consultant shall not subcontract the whole of the Services.

d. Delayed Award 7.8 If the award is delayed by a period exceeding fifty-six (56) days beyond the expiry of the initial proposal validity, the amounts payable under the Contract shall be determined as follows:

(a) In the case of fixed price contracts, the amounts payable under the Contract shall be the price of the Financial Proposal adjusted by the factor specified in the Data Sheet.

(b) In the case of adjustable price contracts, to determine the amounts payable under the Contract, the fixed portion of the price of the Financial Proposal shall be adjusted by the factor specified in the Data Sheet.

(c) In any case, evaluation shall be based on the price of the Financial Proposal without taking into consideration the applicable correction from those indicated above.

8. Clarification and Amendments of RFP

a. Clarification of RFP

8.1 Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission deadline date. Any request for clarification must be sent in writing, or by standard electronic means to the Client's address indicated in the Data Sheet. The Client will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry)

to all shortlisted Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under ITC 8.2.

b. Amendment of RFP

8.2 The Client may amend the RFP by issuing an addendum in writing or by standard electronic means in sufficient time before the submission of Proposals. The addendum shall be sent to all shortlisted Consultants and will be binding on them. The Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Client may, if the amendment is substantial, extend the deadline for the submission of Proposals.

8.3 The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.

9. Preparation of Proposals – Specific Considerations

9.1 While preparing the Proposal, the Consultant must give particular attention to the following:

(i) For the purpose of submitting a proposal, a shortlisted Consultant may enhance its expertise for the assignment either by:

(a) associating with other firms as Sub-consultants, in which case the Consultant shall be solely liable under the Contract and the other firms shall be not liable for the Contract, or

(b) forming a Joint Venture with other firms which substantially perform the Services and/or have experience contributing to the enhancement of the expertise of the Joint Venture, in which case the Consultant shall execute a major portion of the assignment, and the Consultant and the members of the Joint Venture shall be jointly and severally liable under the Contract.

(ii) When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member.

9.2 In the event that the Consultant constitutes a Joint Venture, the Consultant shall submit (i) a copy of the Joint Venture Agreement with its Technical Proposal, and

(ii) a power of attorney (executed by all members) that authorizes the designated lead or managing member of the Joint Venture to act for and on behalf of the Joint Venture and to legally bind such Joint Venture in any contractual or similar documentation. Any Joint Venture agreement and Joint Venture power of attorney shall be attached to TECH-1, Standard Forms (Section 3) and submitted as part of the Technical Proposal of such Consultant.

(i) The Joint Venture Agreement shall identify the lead member. All members in a Joint Venture shall sign the Proposal unless the lead member is nominated to do so in the power of attorney.

(ii) Consultants shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive.

10. Technical Proposal Format and Content

10.1 The Technical Proposal shall provide the information indicated in the following paragraphs from (i) to (vii) using the attached Standard Forms (Section 3). The Following table summarizes the content and recommended number of pages. A page is considered to be one printed side of A4 or letter size paper.

Voluminous Technical Proposals substantially exceeding the number of pages indicated below may not be evaluated.

Experience of the firm	<p>(i) about two (2) pages introducing the Consultant’s organization and general experience (Form TECH-2A).</p> <p>(ii) about twenty (20) pages of relevant completed projects illustrating the Consultant’s relevant experience (Form TECH-2B). No promotional material should be included.</p>
Comments on terms of reference	no limit, but to be concise and to the point (Form TECH-3A).
Comments on counterpart staff and facility requirements	about two (2) pages (Form TECH-3B).

General approach and methodology, work plan	about fifty (50) pages inclusive of charts and diagrams (Form TECH-4).
List of proposed Key Expert team and Summary of CV particulars	(Form TECH-5)
Key Experts' CVs	about five (5) pages for each Key Expert's CV (Form TECH-6)
Expert schedule	(Form TECH-7)
Work Schedule	(Form TECH-8)
Acknowledgement of Compliance with the Guidelines for Employment of Consultants	(Form TECH-9)

- (i) A brief description of the Consultants' organization and an outline of recent experience of the Consultants and, in the case of Joint Venture, for each member, on assignments of a similar nature are required in Form TECH-2. For each assignment, the outline should indicate the names of Sub-consultants/ Experts who participated, duration of the assignment, contract amount, and Consultant's involvement. Information should be provided only for those assignments for which the Consultant was legally contracted individually as corporate entity or, as a lead firm or one of members within a Joint Venture. Assignments completed by individual Experts working privately or through other consulting firms cannot be claimed as the experience of the Consultant, or that of the Joint Venture members, but can be claimed by the Experts themselves in their CVs. Consultants should be prepared to substantiate the claimed experience if so requested by the Client.
- (ii) Comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; and on requirements for counterpart staff and facilities including: administrative support, office space, local transportation, equipment, data, etc. to be provided by the Client (Form TECH-3).Comments and

suggestions on the Terms of Reference and on requirements for counterpart staff and facilities will be evaluated as part of the Technical Proposal and applicable amounts will be included in the Financial Proposal.

- (iii) A description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, staffing for training, work plan, and organization and Expert schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4. The work plan should be consistent with the Work Schedule (Form TECH-8) which will show in the form of a bar chart the timing proposed for each activity.
- (iv) The list of the proposed team by area of expertise, the position that would be assigned to each team member, their tasks and a summary of essential CV information (Form TECH-5).
- (v) CVs of the Key Experts signed by the Key Experts themselves or by the authorized representative submitting the proposal (Form TECH-6). In case of CVs signed by the authorized representative, should the firm be ranked first, copies of the same CVs signed by the Key Experts must be submitted to the Client prior to commencement of contract negotiations.
- (vi) Estimates (man-months) of the Experts needed to carry out the assignment (Form TECH-7). The man-months input should be indicated separately for home office and field activities.
- (vii) The Acknowledgement of Compliance with the Guidelines for Employment of Consultants (Form TECH-9). The Consultant's authorized representative shall sign and date this Form on behalf of the Consultant.

10.2 The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non responsive.

11. Financial Proposals Format and Content

- 11.1 (i) The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP.

The minimum number of man-months required to carry out the Services is indicated in the Data Sheet for information. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the Data Sheet.

- (ii) The Financial Proposal requires completion of four forms, Forms FIN-1 to FIN-3 and Form FIN-5, shown in Section 4.
 - a. Form FIN-1 is the Financial Proposal Submission Form.
 - b. Form FIN-2 summarizes the proposed cost(s) by currency(ies). It shall list all costs associated with the assignment, including remuneration for Experts and reimbursable expenses indicated in the Data Sheet. The total amounts of remuneration and reimbursable expenses in Form FIN-2 shall be consistent with those amounts in Forms FIN-3 and FIN-5.
 - c. The amounts stated under provisional sums and for contingency in FIN-2 must be the exact amounts and in the same currency as specified in the Data Sheet for such cost. The exact amounts and the currency of provisional sums and contingency, and the applicable payment schedule will be determined during contract negotiations.
 - d. Form FIN-3 shows the remuneration.
 - e. Form FIN-5 shows details of reimbursable expenses.
 - f. All activities and items described in the Technical Proposal must be priced. For non-remuneration (e.g. reimbursable expenses) related omissions, any activities or items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items provided for in the Financial Proposal.
 - g. For remuneration related costs, for evaluation purposes only, if less than the minimum number of man-months specified in the Data Sheet is

provided in the Technical Proposal, the relevant Financial Proposal will be adjusted to reflect the difference between the so proposed number of man-months and the number of the minimum man-months. Such an adjustment will be made for each of the international Experts and local Experts through adding the amount obtained as follows:

$$A_{ad} = (M_{min} - M_{pro}) \times RR_h \quad \text{where:}$$

A_{ad} : Amount adjusted

M_{min} : Minimum number of man-months as specified in DS 11.1 (i)

M_{pro} : Number of man-months proposed

RR_h : The highest remuneration rate per month in each category (international or local Experts) among all the Proposals

a. Taxes

11.2 The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless otherwise stated in the Data Sheet. Information on taxes in the Client's country is provided in the Data Sheet. Any local taxes will be excluded at financial evaluation, but they will be discussed at Contract negotiations, and applicable amounts will be included in the Contract.

b. Currency of Proposal and Payment

11.3 Consultants may express the price of their services in Japanese Yen and/or in the other internationally traded currency(ies) stated in the Data Sheet, singly or in combination. Consultants may state the portion of their price representing local cost in the currency of the Client's country.

11.4 Payments under the Contract shall be made in the currency or currencies in which the Financial Proposal of the selected Consultant is expressed.

C. Submission, Opening and Evaluation

12. Submission, Receipt, and Opening of Proposals

12.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with ITC 10 and 11. The submission can be

done by mail or by hand.

- 12.2 The original Proposal shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signed the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should be in the format of TECH-1 of Section 3 and FIN-1 of Section 4, respectively, including required attachments, if any. [See ITC 9.2 above.]
- 12.3 The Technical Proposal shall be marked “ORIGINAL” or “COPY” as appropriate. Copies of the Technical Proposal shall be prepared in the number indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.
- 12.4 An authorized representative of the Consultants shall initial all pages of Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been duly authorized to sign. The signed Financial Proposal shall be marked “ORIGINAL.”
- 12.5 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked “TECHNICAL PROPOSAL.” Similarly, the original Financial Proposal shall be placed in a sealed envelope clearly marked “FINANCIAL PROPOSAL” followed by the Loan number and the name of the assignment, and with a warning “**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**” The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address, reference number and title of the Loan, and be clearly marked “**DO NOT OPEN, EXCEPT IN PRESENCE OF THE OFFICIAL APPOINTED, BEFORE** [*insert the time and date of the submission deadline indicated in the Data Sheet*]”. The Client shall not be responsible for misplacement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be cause for Proposal rejection. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-

responsive.

12.6 The Proposals must be sent to the address/addresses indicated in the Data Sheet and received by the Client no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with ITC 8.2. Any proposal received by the Client after the deadline for submission shall be returned unopened.

13. Substitution and Modifications

13.1 The Consultants may substitute, or modify their Proposal after it has been submitted by sending a written notice, duly signed by an authorized representative. The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notice must be:

(a) prepared and submitted in accordance with ITC 12.1 through ITC 12.6, and in addition, the respective envelopes shall be clearly marked "SUBSTITUTION," "MODIFICATION;" and

(b) received by the Client prior to the deadline prescribed for submission of Proposal, in accordance with ITC 12.6.

13.2 The Client shall open the Technical Proposals immediately after the deadline for their submission. The envelopes with the Financial Proposals shall remain sealed and securely stored.

13.3 First, envelopes marked "SUBSTITUTION" shall be opened. The envelopes containing the Substitution Technical Proposal and/or Substitution Financial Proposal shall be exchanged for the corresponding envelopes being substituted, which are to be returned to the Consultant unopened. Only the Substitution Technical Proposal, if any, shall be opened. Substitution Financial Proposal will remain unopened in accordance with ITC 13.2. No envelope shall be substituted unless the corresponding substitution notice contains a valid authorization to request the substitution and is read out at Technical Proposal opening.

13.4 Second, envelopes marked "MODIFICATION" shall be opened. No Technical Proposal and/or Financial Proposal shall be modified unless the corresponding modification notice contains a valid authorization to request the modification and is read out at the opening of Technical

Proposal. Only the Technical Proposals, both Original as well as Modification, are to be opened and read out at the Technical Proposal opening. Financial Proposals, both Original as well as Modification, will remain unopened in accordance with ITC 13.2.

14 Proposal Evaluation

14.1 Except for the written communications for clarification of the Proposals, from the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the Client on any matter related to its Technical and Financial Proposal. Any effort by Consultants to influence the Client in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

The evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and JICA issues its "concurrency."

a. Evaluation of Technical Proposals

14.2 The evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the RFP in particular the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

14.3 After the technical evaluation is completed, the Client will notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP, and return their Financial Proposals unopened.

b. Public Opening of Financial Proposals

14.4 The Client shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, informing them of the technical scores obtained by their Technical Proposals, and indicating the date, time and location for opening the Financial Proposals. The expected date for the public opening of the Financial Proposals is indicated in the Data Sheet; the opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants' attendance at the opening of Financial Proposals is

optional.

14.5 Financial Proposals shall be opened in the presence of the Consultants' representatives who choose to attend. The name of the Consultants; and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all Consultants and JICA.

**c. Evaluation of
Financial
Proposals**

14.6 The evaluation committee will review the detailed content of each Financial Proposal and the congruency of the Technical and Financial Proposal. Financial Proposals will be reviewed to ensure these are:

- (i) complete (i.e., whether Consultants have priced all items of the corresponding Technical Proposal); in case of material omissions of reimbursable items, the Client will price them by application of the highest unit cost of the omitted item in the Financial Proposals of the Consultant (or an unit cost reasonably estimated by the Client) and the quantity omitted, and add their cost to the offered price, and correct any arithmetical errors. When correcting computational errors, in case of discrepancy between (a) a partial amount and the total amount the partial amount shall prevail; (b) words and figures, the words shall prevail. The evaluated total price (ETP) for each Financial Proposal will be determined. The ETP excludes non-competitive components (i.e. contingencies, provisional sums and local indirect taxes). The ETP will be converted to a single currency using the selling rates of exchange, source and date indicated in the Data Sheet.
- (ii) in compliance with the requirements set forth in the Data Sheet, each Financial Proposal must include provisional sums and contingencies in the amounts specified in the Data Sheet and the validity period of the Consultants' Proposals must accord with the validity period indicated in the Data Sheet. Provision for a discount in any Financial Proposal is not permissible and the ETP for each Financial Proposal will be determined without applying any

discount.

- 14.7 The lowest evaluated Financial Proposal will receive the maximum score of 100 marks. The score for each other Financial Proposal is inversely proportional to its ETP and will be computed as follows:

$$S_f = 100 \times F_m / F \quad \text{where:}$$

S_f is the financial score of the Financial Proposal being evaluated,

F_m is the ETP of the lowest priced Financial Proposal,

F is the ETP of the Financial Proposal under consideration

- 14.8 Following completion of evaluation of Technical and Financial Proposals, final ranking of the Proposals will be determined. This will be done by normally applying a weight as specified in the Data Sheet respectively to the technical and financial score of each evaluated qualifying Technical and Financial Proposal and then computing the relevant combined total score for each Consultant. After such final ranking, the first-ranked Consultants will be invited for contract negotiations.

D. Negotiations and Award

15. Negotiations

- 15.1 The negotiations will be held at the date and address indicated in the Data Sheet with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant.
- 15.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.
- a. Availability of Key Experts** 15.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with ITC 7.5. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant.
- 15.4 Notwithstanding the above, the substitution of Key

Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.

- b. Technical Negotiations**
- 15.5 The negotiations include discussions of the Terms of Reference (TOR), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.
- c. Financial Negotiations**
- 15.6 The financial negotiations will include a clarification of the Consultant's tax liability in the Client's country, and how it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services.
- 15.7 The financial negotiations will, as necessary, fine-tune duration of the Expert's inputs and quantities of items of reimbursable expenses that may be increased or decreased from the relevant amounts shown or agreed otherwise in the Financial Proposal but without significant alterations. The unit rate of Expert remuneration and specific unit rates for reimbursable expenses will not be subject to negotiations.
- 16. Conclusion of the negotiations**
- 16.1 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Consultant will initial the agreed Contract.
- 16.2 If negotiations fail, the Client may, subject to prior consultation with JICA, terminate the negotiations informing the Consultant of the reasons for doing so. The Client will then invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.
- 17. Award of Contract**
- 17.1 After completing negotiations the Client shall award the Contract to the selected Consultant and notify the other Consultants who have submitted proposals that they were

unsuccessful.

17.2 The Consultant is expected to commence the Services on the date and at the location specified in the Data Sheet.

17.3 Consultants who were not awarded the Contract may request a debriefing in writing or in a meeting from the executing agency after Contract award in respect of their Proposal.

18. Publication

18.1 After a Contract is determined to be eligible for JICA's financing, the following information may be made public by JICA:

- (i) the names of all Consultants who submitted Proposals,
- (ii) the technical points assigned to each Consultant,
- (iii) the offered prices of each Consultant,
- (iv) the overall ranking of the Consultants,
- (v) the name and address of the successful Consultant, and
- (vi) the award date and amount of the Contract.

19. Confidentiality

19.1 Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted the Proposals or to other persons not officially concerned with the process, until the publication of the award of Contract. The use by any Consultant of confidential information related to the process may make it subject to JICA's rules related to corrupt or fraudulent practices.

1 Background Information

The Government of Andhra Pradesh is implementing “Andhra Pradesh Irrigation and Livelihood Improvement Project Phase -II (APILIP –II)” from 21st December 2017 with assistance from Japan International Cooperation Agency (JICA). The project envisages the rehabilitation and improvement of one major, 19 medium and 445 minor irrigation projects besides improving the livelihoods of farmers through agriculture, animal husbandry and fisheries interventions. The Project Management Unit (PMU), Water Resources Department, Government of Andhra Pradesh is the executing Agency.

The objective of the project is “to increase the local productivity, strengthen institutional and marketing capacities by rehabilitating existing irrigation systems, supporting integrated farming systems and strengthening value chain development, thereby contributing toward improvement of livelihoods of farmers and other rural communities in the state of Andhra Pradesh”.

The project covers five major components viz. (i) Rehabilitation of Irrigation Projects (ii) Participatory Irrigation Management (iii) Promotion of Farmer Producer Organisations (iv) Livelihood Support Programme and (v) Pilot Programmes.

Under Pilot Programmes, there are provisions to establish Agriculture Mechanization and Technology Centres (AMTC) at two locations with the objectives of promotion of agricultural mechanization and related technologies. This shall be achieved by technical training on operation and maintenance of farm machinery to farmers and entrepreneurs, who intends to establish customer support units (CSUs) to provide operation and maintenance services. .

For establishment of AMTC, the selection of sites has been made at two locations funded under JICA and one location funded under SMAM flexi funds viz.

Seed Multiplication and Adaptation Farm, Samralakota, East Godavari District and Agricultural College, Naira, Srikakulam District and One location at Seed Farm, Thangadancha, Kurnool District . At each site, about one hectare of land has been earmarked and is being made available. The following infrastructures are planned to be constructed on both locations:
