**Annexure- I**

**Statement of Article of charge against Sri.A.V.Ramana Reddy, Assistant Director of Agriculture, (R), Kurnool, Kurnool District**

@@@

**Article of charge:**

That, the said Sri.A.V.Ramana Reddy, Assistant Director of Agriculture, (R ), Kurnool , Kurnool District, has not supervised the licensed premises i.e., Basil Plant Nutrition, Dinnevarapadu village, Kurnool District. He has not supervised the work of M.A.O., Kurnool regarding implementation of Insecticide Act and Fertilizer Control Order in their jurisdiction. Thus, he was negligent in discharging his duties and not devoted to duty in violation of the provisions of Rule-3 of A.P.C.S.Conduct Rules, 1964.

**Annexure- II**

**Statement of imputations of misconduct or misbehaviour in support of the article of charge framed against Sri.A.V.Ramana Reddy, Assistant Director of Agriculture, (R), Kurnool, Kurnool District**

1. The officials of vigilance and Enforcement Department along with Agricultural Department Officers have conducted Surprise raids on 03-09-2015 on the premises of M/s Basil Plant Nutrition located at Dinnedavarapadu village, Kurnool District, a manufacturing unit of AP Formulation No : 4(powder) and AP Formulation No: 6(Liquid) but manufacturing of pesticides is going on in three firms i.e., 1. Suphal Agri Tech, 2. Karshak Agro Chemicals, 3. Basil Plant Nutrition. The owners of these firms are Sri.B.Gajendra and his brother Sri.B.Thippa Reddy native of Gadwal, Mahaboobnagar District. The said firms are permitted to manufacture Micronutrient A.P.Formula No : 4 (powder), Formula No: 6 (liquid) Bio-Fertilizer and Bio-products, but pesticides are being manufactured by mixing chemicals instead of AP formula No : 4 (powder) and Formula No: 6 (liquid) Bio-Fertilizer and Bio-products. During the enquiry it is noticed that pesticides are being manufactured by mixing chemicals instead of Bio-Fertilizer and Bio-products. The different chemicals are being mixed in the drums and the same is filled into bottles. On verification of the godowns, lots of drums filled with liquids (200 Liters capacity) were found without labels. Some drums are having labels as Dim ethyl Form amide, Made in China. Some granules drums and packed Bio-products stock on different firm names, packing machines and weighing machines were found. Eight thiomethoxim chemical drums each 50 kgs, which is a registered pesticide under Insecticide Act, were also found. There are two firm boards available in the premises i.e., Basil Plant Nutrition, Kurnool and Suphal Agri. Tech, Kurnool.

2. The firm M/s Basil Plant Nutrition has not taken Hon'ble Court Order for manufacture and sale of Bio-Products. The said firms are permitted to manufacture Bio-Fertilizer and Bio-Products, but pesticides are being manufactured by mixing chemicals instead of Bio-Fertilizer and Bio-Products. The chemical pesticides are brought from different places. The different chemicals are being mixed in the drums and the same is filled into bottles with laborers. The firm M/s Basil Plant Nutrition has not maintained

stock registers and bill books, but in the same premises chemical pesticide Thiomethaxim is stocked. Huge stocks of drums filled with liquid without labels, which were ready to use for manufacturing pesticides in the guise of bio-products were found. Some of them are having codes like TXM (Thiomethaxim), EBEC (Emamectin Benzoate), ABM (Abamycin) on different firms names i.e., Suphal Agri Tech, Kurnool, Karshak Agro Chemicals, Kurnool, Modern Agro Solutions, Hyderabad, Sindhoori Agro Tech, Hyderabad, Lemon Fresh Biotech, Bangalore. Chemical pesticides are being manufactured by Suphal Agri Tech, Kurnool and Karshak Agro Chemicals, Kurnool in the name of Bio-Products in the same premises of said Basil Plant Nutrition. Due to negligence of Agriculture Department officials, the bio-product manufacture firms are taking advantage and mixing chemical pesticides in the bio-products and the same is sold in the market as bio-products without submitting samples to the Agriculture Department, thus causing loss to farmers. The bio-product firms are manufacturing and marketing the chemical laced Bio-Products without submitting the samples to the Director of Agriculture and also not maintaining records, as there is no regulatory mechanism on Bio-Products. The said Bio-Products manufacturing firms are stating that, they are manufacturing Bio-Products by using Amino acids and sea weed extract, but they have not produced any source for raw materials like Amino acids and Sea weed extract procurement, and not shown any physical stocks in the premises. On physical verification in the manufacturing unit, different agri chemicals are available without any laboratory facilities. They are simply mixing in drums and bottling in different sizes using unskilled labour.

3. Sri.A.V.Ramana Reddy, A.D.A. (R), Kurnool visited the premises of M/s Basil Plant Nutrition along with Mandal Agricultural Officer, Kurnool and District Joint Director of Agriculture, Kurnool for forwarding the proposals for license to the Commissioner and Director of Agriculture. At that time, there was no other activity in that place. The Mandal Agricultural Officer, Kurnool has not drawn any bio-products samples from manufacturing units. Being the supervising officer the A.D.A.(R), Kurnool is responsible for monitoring the implementation of Insecticide act and Fertilizer control order in his jurisdiction. He should supervise the drawl of bio-products samples in their jurisdiction, but he has not done.

4. Thus, Sri.A.V.Ramana Reddy, A.D.A. (R), Kurnool was not devoted to duty and negligent in discharging his legitimate duties, which attracts violation of Rule-3 of APCS (Conduct) Rules, 1964. Hence the Article of Charge.

### **ANNEXURE-III**

**List of documents by which the article of charge framed against Sri.A.V.Ramana Reddy, Assistant Director of Agriculture, (R), Kurnool, Kurnool District are proposed to be sustained.**
