Section-I Introduction

The Pradhan Mantri Fasal Bima Yojana (PMFBY) is the flagship crop insurance scheme launched by Govt. of India in 2016 as per the operational guidelines and instructions issued by the DAC&FW, GoI from time to time.

With a view to ensuring universal coverage of notified crops under the Crop Insurance scheme without any premium burden on the Farmers and separate registration, the Government of Andhra Pradesh introduced Dr. YSR Free Crop Insurance (Dr.YSRFCI) and successfully implemented the scheme.

All instructions issued by the DAC&FW, GoI, and Govt of Andhra Pradesh will become applicable during the tender period.

Dr YSRFCI-PMFBY is an index-based insurance scheme. The financial loss of a farmer growing notified crops in notified areas is calculated under Dr YSRFCI-RWBCIS by comparing the actual Weather data against pre-defined triggers over an insurance period.

- b. In case any difference is found in interpretation or reference of terms & conditions and various provisions as mentioned in the Tender document, the terms & conditions and provisions of Operational Guidelines will be final and binding in all situations to all stakeholders.
- c. The Estimated Sum Insured arrived and shown in Bid is only for the purpose of calculating weighted premium. This is only indicative and the same will be used for evaluating L1 bidder. The enrolment depends on the actual e-crop booking. The State Government gives no guarantee that the final coverage would be as per provided figures. Insurance Companies are bound to honor the final coverage irrespective of whether coverage is more or less compared to the given figures.
- d. The enrolment is purely based on e-crop booking. Hence, ICs shall not open any other independent channel for enrolment. The completed e-crop data will be uploaded into National Crop Insurance Portal (NCIP) at regular intervals keeping a maximum cap up to 15th October 2022 for Kharif 2022 & 31st March 2023. Once, work order issued, the ICs have right to verify the application and any discrepancy noticed regarding Crop, extent etc and can electronically revert to the concerned Rythu Bharosa Kendram (RBK) for rectification through e-crop portal. After a reasonable time, to be consulted with the State Govt, such applications can be rejected through portal with proper justification. It shall not be open for the insurance company to take a stand independently without consent of the State Govt & GOI. The e-crop data will be the final data for coverage and there shall not be any separate enrolment by the ICs.
- e. The intention of the Govt is to settle the claims before commencement of next season. Hence, based on the Yield and Weather data available, the Insurance Companies prepare themselves to settle claims of Kharif 2022 between June 1st to 15th 2023. Similarly, Rabi 2022-23 claims to be settled between 1st October to 15th October 2023. The claim for the remaining crops, where data is incomplete, shall be paid on the date indicated by the State Govt.
- f. In AP, there is no separate enrolment and the ICs need not to pay any amount towards the service charges to the financial institutions and hence reduce the premium load accordingly. The Administrative expenses including Labour chares for conduct of CCEs, Manpower, software support by the NIC for collection of e-crop data and integration with NCIP etc needs to be borne by the Implementing agencies (Keeping a provision of 2% probable farmers share of Premium) as per the financial implications approved by the SLCCCI (Around 23 Cr for 2022-23) and the same shall be deposited with the Agriculture Department. Season wise details of expenditure are mentioned in the **Annexure-L**.
- g. Once work order was issued by the State Govt, the Insurance Company to deploy

adequate man power in the allotted cluster. As the Crop Insurance scheme is being implemented RBK centric, the personnel allotted can use the RBK premises which also helps to reduce the overhead cost and hence the premium quote can also be reduced. The insurance company shall get prior approval from State Government before giving any communication (SMS/Policy letter etc) to the farmers directly. As per guidelines, the insurance companies need to spend 0.25% of the Gross premium on Publicity at State Level. For optimum utilization of available funds, the expenditure to be met with the concurrence of State Govt only.

h. Bidding has to be done depending on the scientific analysis of risk profile, burn cost for the proposed crop(s) in district(s) of any cluster. For any abnormal premium quote, the Insurance Companies needs to provide the details of methodology adapted to arrive at the Actuarial premium rates for the district crop combination quoted by them to the State Govt. If the pricing is abnormally high for any cluster, then the State Govt will exercise option of going for re- tender.

i. The claims under Restructured Weather Based Crop Insurance Scheme (R.W.B.C.I.S) shall be settled on the basis of the weather data furnished by the APSDPS only.

j. Charges if any for the weather data in the risk period to be borne by the L1 bidder only.

k. The claim settlement under DrYSRFCI-RWBCIS will be based on Aadhar Enabled Payment System (AEPS) only. For any failed AEPS payments, the state Govt. will provide banking details of farmers to enable settlement of pending claims.
